

GO FOR THE GREEN

## NAR's Green Designation\* Course is Returning to Traverse City

The Traverse Area Association of REALTORS® is pleased to announce they are holding the NAR Green Designation course. NAR's Green Designation is the only environmental real estate designation addressing multiple specialties. It is also the only green designation for agents AND property managers recognized by the National Association of REALTORS®.

Close to one half of all greenhouse gas emissions are produced from buildings. Green building isn't just responsible, it's necessary. Both consumer demand and government policy are making this happen and shaping the future of our industry. Join them in the green movement and lead your community to a more sustainable future with NAR's Green Designation.
